President's Corner

Happy Autumn Everyone! I hope you are decorating your dwelling with fall colors. I think it makes you feel cooler even if the temperatures are not into fall - yet.

When I first heard the State President of TDW say the words, "We are the Women's Caucus of the Texas Democratic Party, I was stunned. This is a momentous statement. I think of caucuses as the work of elected officials. Mostly I think of work. Trying to get a group of people to agree on one point of view, frankly, is a lot of work. If any of you have ever been a member of a club or organization, you will know what hard work is.

What I am trying to say is, we do not wear this label easily. There are duties which coincide with this title. We are charged to be on the front lines to share the message of the Democratic Party in Texas. Whether this translates as talking with friends and family, marching in protest rallies, writing Senators and Congressmen, or running for public office. This is our job and it is a sacred one.

We are the face of the Texas Democratic Party in a desert of support. At times it feels overwhelming. Be assured that as we become more brave, others will do the same. As human beings, we believe all people deserve dignity, acknowledgement, and understanding. Let's do our best to show these things in our community.
